

ENVIRONMENT

Van Ness Feldman's nationally recognized environmental practice advises clients on a wide range of federal and state regulatory, compliance, enforcement, permitting, siting, and legislative matters.

The firm's strategic and collaborative approach helps clients identify and apply a wide range of solutions to complex development, infrastructure and resource projects that are consistent with the law and society's demand for protection of the land, air and water.

Van Ness Feldman's environmental team is well-renowned for keen analysis and innovative mitigation strategies—allowing clients to comply with the law; assess the environmental impacts of existing and planned activities; manage the consequences of government and regulatory actions; and, when necessary, litigate to establish or defend rights.

Practice areas include:
