Kelli E. Lozier

Associate

Kelli Lozier's practice centers on enforcement and reliability issues involving the Federal Energy Regulatory Commission (FERC). Currently, she is working with one of the eight North American Electric Reliability Corporation (NERC) Regional Entities providing advice and counsel related to its Compliance Monitoring and Enforcement Program (CMEP). In addition, Kelli advises interstate natural gas pipelines on FERC compliance issues including counseling clients on FERC natural gas transportation regulations, and service and rate agreements.

Professional Background

Prior to joining the firm, Kelli was an attorney in the FERC Office of Enforcement, Division of Investigations for several years, and also worked at FERC as a law clerk during law school.

Government Service

Law Clerk, U.S. House of Representatives, Committee on Energy and Commerce, Subcommittee on Energy & Air Quality, 2005
Attorney Advisor, Federal Energy Regulatory Commission, Division of Investigations, 2007-2010
Law Clerk, Federal Energy Regulatory Commission, 2006-2007
